

St. Joseph County Needs You!

Our community is better with you here.

Welcome to St. Joseph County! We are excited that you've chosen to live in our community. We are a group of residents and organizations dedicated to improving housing in our community. We are reaching out because we know it can be difficult to find all the information you need to get started as a new homeowner, so we want to help make it easier for you to get settled and connected in St. Joseph County. We love it here and we're sure you will, too.

Our homes make us neighbors

Residents of St. Joseph County work together to help our community thrive. We do this by building relationships, working toward shared goals, and collaborating on projects. In addition to a housing plan for the county, several local organizations are working together to address homelessness and to promote housing development. As a homeowner in St. Joseph County, we hope that you will join us in our work to ensure the long-term health of our community and the housing market. We are glad you are our neighbor!
